IN THE NATION'S CAPITAL: Joint committee holds hearing on bill to turn over federal property in "atom cities" to local governments. CWA holds annual convention. Montana Supreme Court holds co-ops not protected against competition. U. S. Supreme Court upholds federal law regulating lobbying, July 3, p. 17. . . . Bricker Bill, prohibiting transmission of gambling information in interstate commerce, emerges from committee. Doerfer confirmed as FCC commissioner. U. S. Supreme Court to consider Virginia utility antistrike law. NLRB changes rules, limiting its jurisdiction. Reviews bills in Congress, also REA appropriation, July 10, p. 17. . . . REA allocates 75 million dollars in last fiscal year . . . has 75 million plus left-over funds for present fiscal year . . . commissions still hold down rate increases to bare minimum, July 17, p. 20. . . . California commission's question as to utility's right to eliminate protests to rate increase criticized. NLRB sets up new policy exempting many businesses from its jurisdiction. President's proposed highway program spotlights need for federal policy for reimbursement of expenses to relocated utility facilities, July 24, p. 21. . . . Explains provisions in general tax revision bill of special interest to telephone companies. No change in securities registration exemption. Wage-hour division to seek increase in switchboard operator "learner" pay rates. Commission on International Telecommunications about to be formed, July 31, p. 13.

Question raised by congressional filibuster over revision of Atomic Energy Act of 1946 is whether or not, and how soon, state socialism may eventually come to be enthroned as an official policy of the federal government. Delaware court modifies ruling on value of plant in Diamond State Telephone Co. case. Kansas commission rules against co-op's financing plan, Aug. 7, p. 20. . . . Strict cost-of-capital test rejected in District of Columbia rate decision. Connecting company agreements reached with REA borrowers. Senate group to question FCC on UHF TV licensee situation. Discusses possible future FCC commissioner, Aug. 14, p. 20. . . . New York Tel. Co. rate increase denial a severe blow, especially when accompanied by continued downward trend in earnings. Absolute turndown seen as point on company's side, if it decides to appeal the case. Tax help ahead in matter of depreciation. Nation's economy flouting "prophets of doom," Aug. 21, p. 17. . . . Regulation of telephone industry holds limelight at recent meeting of Section of Public Utility Law during convention of American Bar Association. 83rd Congress has a record accomplishment despite slow start and longest filibuster in history, Aug. 28, p. 17.

Telephone companies now receiving questionnaires as part of congressional study before action on proposed legislation to allow federal aid to utilities for relocation expenses incident to federal-aid highway construction . . . prompt answers will be advantageous. Feels new Atomic Energy Law is a good law. Summary of audit on two years of REA operations, Sept. 4, p. 17. . . . Maintenance of AT&T dividend challenged by Maryland commissioner in Chesapeake & Potomac company rate case. Other Bell rate pleas in New York and Kentucky covered. GSA leases private wire telegraph system. British TV viewers to see ads, Sept. 11, p. 15. . . . Commissions showing tendency to recognize future cost trends in fixing rates. Utilities should be interested in "raids" made upon corporate managements of non-regulated businesses. FCC selects non-utility company to render marine radio service, Sept. 18, p. 20.

FCC-proposed rule would allow TV stations to operate own intercity relay systems. Reports study of population trend to suburbs and implications for Independents. Re-examination ordered of New England T&T rate case in Massachusetts. Names leading contender for FCC vacancy, Oct. 2, p. 24. . . . McConnaughey first full-fledged FCC chairman for some time . . . character of FCC membership changing. More on court decision in Massachusetts rate case of New England T&T Co. Eisenhower praises record of REA during past year, Oct. 9, p. 17. . . . "Washington Plan" for automatic sliding scale rate adjustment appears on way out. Discusses New York, Michigan and North Carolina Bell System rate increase cases. New statistics available on success of REA program, Oct. 16, p. 20. . . . Question of what legal protection tenants have against being arbitrarily deprived of telephone service by landlord, raised in Washington, D. C., contretemps. Classified listings of unlicensed "professionals" being tested. Pennsylvania and Delaware rate cases discussed. Also McConnaughey and legal aide, Oct. 23, p. 76. . . . FCC ponders paging service application. Effect of victory by either party in congressional elections, analyzed . . . southern Democrat and Republican coalition seen as controlling group. Number of economic advisers optimistic over business outlook, Oct. 30, p. 17.

REA approves another standard form of extended area service contract. Maine and Illinois rate cases covered. Follows up question of landlord interfering with continued telephone service . . . also classified listings of unlicensed "professionals." Increased difficulty seen in getting security registration exemption raised due to unscrupulous promotion of "penny stocks," Nov. 6, p. 30. . . . Election results evaluated . . . over-all vote pattern on issues was spotty, indecisive. Balance of power appears unchanged. Communications Committee of American Gas Association seems to oppose furnishing of gas industry system intercommunication services by telephone companies . . . clarification of views by both industries is needed on this subject, Nov. 13, p. 19. . . . National Association of Railroad & Utilities Commissioners convention hears reports on telephone answering devices, mobile service and microwave . . . also general reports on debt ratio and impact of inflation on rate-setting. Confirmation of McConnaughey delayed, Nov. 20, p. 20. . . . Allowance for so-called "attrition" an unusual feature of Mountain States T&T rate cases in Arizona . . . Alberta Plan an alternative. Companies with low-interest REA loans can get along on lower rate of return, Louisiana commission chairman states, Nov. 27, p. 19.

Agricultural Department publicizes farm telephone rates . . . reports 44.3 per cent of farms have telephones, as of July 1. Another "utility association objection" raised against Harlan appointment to Supreme Court. REA telephone loan policy reviewed . . . private financing encouraged, Dec. 4, p. 17 . . . Discussion of bright future growth of our national economy and planning to take care of it has become fashionable in government circles. However, such planning carries with it the suggestion that the government will have to be responsible for such plans turning out according to schedule, which, in turn, could lead eventually to a welfare state, Dec. 11, p. 17. . . . Cities oppose recovery of highway relocation expense by utilities. Bell System finds itself connected with radio-television anti-trust suit. NARUC issues second manual on comparative telephone rates in U. S., Dec. 18, p. 17. . . . Makes 1955 predictions on Washington developments of interest to telephone companies. Gives himself a score of 85 per cent on forecasts he made for year of 1954, Dec. 25, p. 11.

Warner, Leslie H.: The emphasis shifts to selling*, Oct. 23, p. 48.

Westrup, O. M.: Report of USITA Accounting Committee*, Oct. 23, p. 29.

offers Independents all These Great Advantages...

EXCHANGE...from 100, or less, to 10,000 lines

MAXIMUM EXPANSION

Kellogg Crossbar switching equipment can be expanded — easily, quickly and economically.

INSTANTANEOUS SEIZURE OF PATHS

Instantaneous inter-office dialing between all required points. Switches operate in one movement — in no more time or travel than required for average relay to operate. This speed accommodates the high standards of nation-wide, inter-toll dialing without altering equipment.

HIGH TRAFFIC CAPACITY

Crossbar handles more calls per unit of equipment than any other switching system. Each switch has multiple paths. From 10 to 20 simultaneous calls can be placed through Crossbar switches.

EXTRA LONG LIFE

Minimum movement means minimum wear! Switches are constructed of simple, tough, long-wearing parts. Each relay spring has twin precious metal contacts and is designed for minimum wear and maintenance.

Since the first cut-over, in November, 1950, Kellogg *Crossbar* has proved one of the greatest advancements ever offered Independent Telephony! Each subsequent installation has added further proof to Kellogg's famous slogan—*Superiority*—PROVED BY USE! . . . Kellogg *Crossbar* is not just for today; it's for *tomorrow* as well! It grows with your needs—from 100, or less, to ten thousand lines!

Get All the Facts—WRITE NOW!

Send for your FREE copy of the latest Crossbar Bulletin, or check with your nearest Kellogg Representative.

VACATION NOTICE

Kellogg's general vacation period will extend from July 19 through Sunday, August 1, 1954. Review your requirements and order now for prompt delivery.
